## Traces of God's Presence and Human Quests and Desires!!

My head was aching, heart was heavy, spirit quite low and there was a spiritual desertification! I felt that I needed a spiritual revitalization and then I went for an annual retreat to research the traces of God's presence in my consecrated life journey. I thought that this desire would be helpful due to the unfavorable situation around me, negative criticism, unfair and unloving attitudes. A deep despair was setting in... and I knew I could not change this situation. When I attended the retreat and listened to the preacher and spent more hours in silence I got this unexpected surprise! The Lord said, "My son, it's not the lovelessness, imperfections of others or your non-stop visits causing this pain, you are in pain, you have withdrawn your love from Me and, are focusing on others' momentous concern, love and friendship. And whenever anyone blocks the free flow of this energy of love they are bound to suffer." By becoming hard, insensitive, unloving, and judgmental, we harm ourselves and become nervous but often we do not realize this. The master creator has designed us very wisely. In our bodies, there is a system of 'chemical

reward/punishment' that acts instantly. A single negative thought

about someone is enough to generate toxins in our body that manifests itself not only in our emotions, but also on our very countenance!

Since I am on my canonical visitation in Vietnam/Philippines I would like to emphasize the aspect of 'interculturality'. Today our Congregation is made up of members from many different countries, that is international/multicultural. Now-a-days no one is surprised to hear questions like: present society bets on mono-culture or multicultural? Internationality is not just an

accidental happening, related to the numerical composition of the groups and communities, but it is leading people to make valuable choices, being capable of appreciating in them the birth of a very positive missionary attitude, such as: tolerance, openness, receptivity, dialogue, creativity, appreciating of whatever is different in others. As W.H. Auden says "civilization should be measured by the degree of diversity attained and the degree of unity retained."

## Listen to One Another By Fr. Joseph Rinaldo, SdC

A couple of years ago, I was flying from Detroit to Tokyo. I had an aisle sit. Next to me sat a gentleman who appeared to enjoy the sight from the little window. We had a 12 hour trip ahead of us. I tried several times to make conversation and he replied with grunts. When I made a comment, he either ignored me or gave me another groan. I decided to forget him. I said to myself: he will have to go to the rest room and ask me to move. He never did. Perhaps God endowed him with long term organs. We need to stop looking at our cellular phones, and instead really encounter and listen to one another. Beware of bad habits that prevent us, even within our families, from truly listening to others and empathizing with them. We can draw inspiration from the Gospel reading where Jesus brought back from the dead the only son of the widow of Nain. “When the

Lord saw her he felt sorry for her. “Do not cry,” he said. Then He went up and put His hand on the bier and He said, “Young man, I tell you to get up.” And the dead man sat up and began to talk, and Jesus gave him to his mother. Everyone was filled with awe and praised God.” (Lk. 7,13-15). An encounter with Jesus overcomes our indifference.

Often when people meet each other, they think of themselves, they can see the other person but are not looking at him or her; they can hear that person but are not listening to him or her.

An encounter is something different. It is an encounter between a man and a woman, between an only living son and an only son who had died; among a joyful crowd because they had encountered Jesus and were following Him and a group of people, weeping, accompanying that woman, who had come out from the gate of the city; an encounter between the exit gate and the entry gate. An encounter that makes us reflect on our way of interacting with each other. Jesus “was moved with pity.” When Christ observed something unfortunate, He encounters and

reacts, never remaining indifferent. If we see something sad, we say ‘what a shame!’ Jesus doesn’t pass by, He is moved with pity. He goes up to the woman for a real encounter and then performs the miracle and, at the same time He restores the dignity of the mother and son.

In this Gospel’s encounter, we not only see His tenderness but also the fruitfulness of that encounter that restores people and things to their proper place.

We are accustomed to a culture of indifference and we must strive and ask for the grace to create a culture of encounter, of a fruitful encounter, of an encounter that restores to each person his or her own dignity as a child of God, the dignity of a living person.

We are accustomed to this indifference, when we see the disasters of this world or small things: ‘What a shame, poor people, look how they are suffering,’ and then we carry on. And if I don’t look, it’s not enough to see, no, we must look. If I don’t stop, if I don’t look, if I don’t touch, if I don’t speak, I cannot have an encounter and I cannot help to build a culture of encounter.

We all are in need of his Word and need that encounter with Him.

In our families, at the dinner table, how many times while eating, we watch the TV or write messages on our cell phones. Each one is indifferent to that encounter. Even within the heart of society, which is the family, there is no encounter. May this help us to strive for this culture of encounter, just as simply as Jesus did so. As Christians we need to look, listen and meet, rather than just see, hear, and pass by. Don’t just say ‘what a shame, poor people,’ but allow ourselves to be moved by pity. Draw near, touch and say in the language that comes to each one of us in that moment, the language of the heart: Do not weep, and donate at the very least a drop of life.

Whether we are Cooperators, Brother Knights or Religious, Jesus loves us and wants a creative relationship with us. And from his fullness we all received grace upon grace.

## The Winning Route on the Roadmap of Charity

Fr. Guanella had a well focused dream when he decided to, "Go North," adapting his feeling compass to a genial intuition during the Int. Marian Congress at Treviri, a part of the former Roman Province. At a very crowded assembly in the Cathedral of St. Helena, he implored the Forum to help his charitable work, which by August 1912 was quite established. In his prophetic allocution he was begging for 'small streams of charity' for his daughters and sons at his Italian and Swiss institutions from Germany. We believe that he intended to give this message and roadmap to a flock of former Sicilian alumni first. After a century, this has become a tangible reality through God's Providence: his sons carrying out his dream!

After ten years of baby steps, Guanellians have made giant progress in weaving a blessed net of benefactors among the generous Catholic solidarity agencies. The Guanellian Procure was diligent in seeking and finding 'busy bees' at Catholic Missio agencies, first at Aachen in 2008. The present Salesian General Treasurer, Bro. Jean Paul Muller, introduced us and mediated the first donation of a mini-bus for Fr. Frantellizzi Hogar at Ciudad DE, Mexico. Convinced by this succesful trial, the DPP Provincial Council courageously established the Missions Procure in March 2009. The strong insistence of Fr. Mimi from Manila and a 'good word' of Fr Joseph Rinaldo at the General Council in Rome made the rest possible.

Msgr. Wolfgang Huber

This is a real charity Telenovela! Now after the first decade, it is time to thank Divine Providence which continously opens doors and incredible possibilities for all projects presented to the Procure from the Guanellian provinces. The most generous Institution in fundraising is Missio Munich supported by Bavarian Catholics of

the Archdiocese of Munich. To their President, Msgr. Wolfgang Huber, and his amazing assistants, Mrs. Heidrun Göttler and Stephanie Schüller, goes our deepest gratitude. Since 2009, Missio Munich financed the construction of the new, modern Fr. Guanella Disabled Center in Quezon City; and later, the well-equipped physiotherapy wing.

Recently, after an intensive search of donors, Msgr. Thomas Schlichtig of the Awarding commission in the Munich Archdiocese, accepted the challenge of

Stephanie Schüller

Heidrun Götter

Missio to create a great stock of life-saving medicine for the Guanellian 'Good Samaritan Pharmacy!' To him, his archdiocese, the Missio staff and to all Bavarian donors, "Vergelt's Gott!" which means Blessings will remunerate your generosity.

We also convey our sincere thanks to Missio at Aachen, which in the past 10 years has been an attentive partner for our presence in Legazpi with five nutrition programs, physiotherapy of special children. They also pioneered support in many Guanellian Projects in Central Africa. In 2014-15 a new ambulance for

Msgr. Thomas Schlichtig

transporting children, AIDs sufferers, and the poor from the infernal streets of Kinshasa, RD Congo, through a 24-hour daily service was purchased and Bro. Mauro can fill their listening hears and open hearts. Thanks also to Mrs. Beate Jantzen for projects within Kinshsa and Mrs. Elaine Steiner for supporting the projects of Fr. Battista Omodei at Legapzi Philippines.

This story contains an encouraging message to our confreres in Africa and Asia to be confident that every request, every small project, has for us absolute priority! This is our vocation and commitment, to be the 'third child in the Guanellian family!' We do not baptize, nor confess, nor preach, but all our mental resources and 'savoir faire' are in service to the poor, because they reflect the image of God on Earth!

May the Sacred Heart of Jesus bless all our donors, supporters and friends of our Procure for remaining beside us as bridges to the German charity sources.

This is a historical moment for the diocese and the Congregation. The new Bishop of Dindigul, Most. Rev. P. Thomas Paulsamy D.D.,

## Corpus Christi Procession

**CUDDALORE** - God is yearning to be with us. It is through the Eucharistic Lord, we are able to encounter Jesus and feel His presence. He calls out for us to come and see Him. The people of Our Lady of Perpetual Succor Church celebrated the feast of the Body and

Blood of Jesus on June 18th. The Eucharistic Procession began at the parish. Fr. A. Periyamayagasamy, the Parish Priest, gave a blessing in the Church. Then the people piously moved towards Don Guanella Boys Home. Fr. Lawrence, the director of DGBH conducted half an hour of Adoration with the help of the boys home students. Eventually, the Eucharist was taken to St. Joseph Seminary. Fr. Amal Raj beautifully ended the ceremony with five lessons that we have to learn from the Eucharist: care, unity, sharing, humility and sacrifice.

### First Holy Communion

**KUMBAKONAM** - It was a great joy for Guanella Nagar Parish. Nineteen of the parish children received their First Holy Communion. Holy Mass was celebrated by Fr. A. John Bosco. In his homily he taught that the first Holy Communion

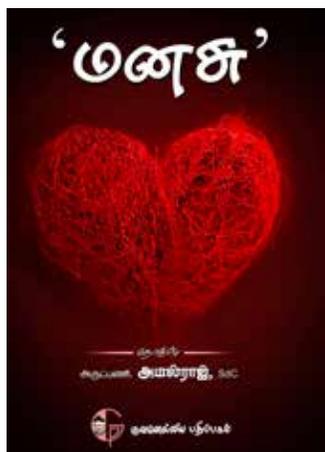

is a Catholic ceremony in which a child is given the Sacrament of the Eucharist for the first time. The Holy Eucharist is Christ's body and blood present in

the consecrated host on the Altar, and we believe that the consecrated bread and wine are actually the body and blood, soul and divinity of Christ. Fr. Vincent and Sr. Christy prepared the children spiritually for the past twenty-seven days for this great event. The first Holy Communion is without question a time of great joy. Hence, their parents, god-parents, relatives and friends were very happy. The children smiled exuberantly upon reception of the Eucharist. .

## Leadersheep: Youth Camp

**MANILA** - The Guanellian Youth Camp 2017 happened in Pavilion Campsite, Banaba Cerca, Indang, Cavite May 29th-June 1st with the theme "Guanellian Youth: Bellwethers of the Flock." Being compared with a bellwether, a leader sheep, each of the member of the Guanellian Youth Ministry (GYM) is being moulded to be a leader and role model of faith to his/her family, friends and community through good deeds and following the life of the Good Shepherd, Jesus Christ.

The participants listened to a series of talks and activities to enhance their leadership skills equipping them with wisdom and knowledge. Bro. Mark Jay Gensis shared that being brave, positive, responsible, accepting opinions and challenges, and believing in your God-given potentials will help you become a happy and productive leader/member. Bro. Harry Indonilla talked about the importance of commitment and how to stay committed in order to keep the faith burning while following our Lord Jesus Christ. Lastly, Ms. Charmaine Ramirez shared that having a good character is an essential part in being a good leader this means that one should be trustworthy, respectful, responsible, fair, caring and a good citizen, this also includes constantly doing the right things and following the golden rule, "Do to others as you would have them do to you."

Divided into three mini teams named after the Young Three Seers of Fatima, St. Francisco, St. Jacinta and Blessed Lucia, Guanellian youths enjoyed and showed their competitive spirit in different team building activities including the 'Amazing Race'. Running while blindfolded, crawling through mud, and answering logical questions tested each of the

team's physical and mental capability to work as one.

Aside from physical and mental activities participants did not forget to strengthen their faith through praying the rosary and other devotions that help them endure all unnecessary challenges especially bad weather. The last day was spent swimming at Layu-Layo beach in Nasugbu, Batangas.
